

The Tricky Word Song!

To the tune of 'These are a
few of my favourite things'

The he she me be
we all end in 'e'.

Asked, looked and
called
all end in 'ed'.

These are a few of
my trickiest words..

you can't sound

them out,

you just have to

learn!

His has and was all end
in 's'.

Was looks like w-a-s it
makes zero sense!

C-o-u-l-d is how you
spell could
use the same ending
for should and would.

To change here to there
just add a 't'.

To switch it to where
swap the 't' for a 'w'.

We know they are place
words - look at the
Church.

Let's keep learning
our trickiest words!

For something belonging
to them we use 'their'.
if it's a girl's instead
we use 'her'.

'Ours' is for when it
belongs to us,
like our school, our work
and all of our stuff!

Many and any both end in
a 'y',

E-y-e-s is the way you
spell eyes.

They looks like 'the' with a y
at the end
and friend is like fr then i
then end.

(Fri-end!)

Big eagles can always use
small exits:
Spelling because is very
impressive!

So is dif-fer-ent with two
‘f’s
and two ‘e’s
with such super spelling
you’re sure to please!

(Yes please!)

◊ u g h! What a strange set
of letters...
in **thought** and **through**
- who put them together?

A u g h helps us to spell
laugh

Whose idea was that?
The sounds are just daft!

Some and come look almost the
same.

Use ay for pray when spelling
today.

Says is the same
but for **said** you need ai.
Just remember it looks like
s-aid!

When, where and what all use
wh for whistle.

Whistle has le at the end,
just like little.

Of has just one 'f' but off
has two.

W h o is how you spell who.

You is quite tricky, it looks
like y - ou!

If you can spell you & your...
take a bow!

They and apostrophe then 're'
spells out **they're** as in they
are,
you see.

School looks like s-ch-ool
and work looks like work,
It's spelled the same as fork
and pork!

One is o-n-e but how to spell
once?

Use a soft c, don't look like
a dunce!

Now I am clever,

I'm such a good

speller!

I know there's no

's' in mice or in

cellar!

few of my trickiest
words...

you can't sound
them out,
you just have to
learn!
